

UNIBIOSYS ACADEMIC EXCELLENCE SCHOLARSHIP

FOR MERITORIOUS STUDENTS

UniBiosys Foundation for Education and Research is an ISO 9001:2015 certified organization, devoted to research and training in the multifaceted biotechnological field. UniBiosys has been providing research services to a wide audience of research scholars, scientists, students and faculties since 2010. We have recently established 'Research Innovation Division' with a vision to initiate the translational research and product development for the benefit of the society.

As part of our 12th anniversary celebrations, we are extremely happy to announce **UniBiosys Academic Excellence Scholarship** for meritorious **UG & PG students in Kerala** (Students who have completed their schooling in Kerala and pursuing graduation in other states are also eligible). The scholarship is offered on the basis of academic merits, academic performance, financial background etc. The scholarship will be awarded to the top 5 students. In addition to the top 5 winners, another 30 students will get an opportunity to win exciting prizes and mentorship for accomplishing positions in Lifescience / Food science/ Chemistry streams.

THE AIM OF SCHOLARSHIP

- Encourage students to choose life science as their career option
- Help students in empowering their academic and career goals.

SCHOLARSHIP INCLUDES:

- A cash prize of **Rs. 5000 each** (For selected 5 students)
- Job-oriented training worth **Rs. 10,000** (For selected 5 students)
- A voucher of **Rs. 5000 & Rs. 2000** for selected 30 students
- Academic Skill development sessions
- Placement guidance and Mentorships

WHO CAN APPLY?

Students pursuing Under-Graduation or Post-Graduation degree in any Life-science /Food-science/ Chemistry streams in Kerala with 60% marks and above in SSLC, Plus two, UG or PG.

Students who have completed their schooling in Kerala and pursuing graduation/ post-graduation in other states are also eligible.

SELECTION COMMITTEE

Insights of academic jury and their experience is important in spotting the right candidates. The selection committee consists of professors & scientists from Lifescience field. Decision of selection committee will be final.
